Wedding Consultations

Creating and designing flowers for your special day is one of Regal's passions. We love helping couples make their wedding dreams come true.

From the romantic to the exotic, flowers will help create your perfect wedding picture.

Our designers will assist you with wedding etiquette, suggest décor themes and oversee as much of the event as you require. Regal can deliver the bouquets first to the bride's location, complete the church set-up, pin on the corsages and boutonnieres, move items from the church to the reception, and then decorate for your evening celebration.

Rentals

Our garden centre has a large selection of pedestals, urns, fountains, arbours and many other garden accessories.

Along with these items we also have a large selection of tropical plant including palms, ivy and ferns in both fresh and silk all available for rental.

Special Events

Whether it be a garden party or a large corporate affair we can add the ambiance to make it memorable. We create custom designs to suit any occasion or season. Our large Garden Centre allows us to offer rentals of large tropical plants, fountains, garden arbours and benches.

Our designers will meet with you to help create the mood or theme that will make your event outstanding.

Scheduling Tips

Schedule a free consultation. Bring along your ideas, photos or colour swatches of the dresses when you come. Reserve your wedding day with us 6 to 12 months prior to your date with only a \$100.00 deposit.

Confirm the details of you order and any changes 4-6 weeks prior to your wedding.

Double check times/locations of deliveries and adjust table counts and corsage and boutonniere numbers 2 weeks before the day.
